

Spring-Loaded Automatic Balancing Crane Fork

- ▲ Tine adjustment up to the desired opening through a simple and functional handwheel.
- ▲ The self-leveling tines also allow them to remain parallel to the ground, facilitating pallet insertion
- ▲ Large handles to facilitate fork orientation during pallet insertion and removal, and thin tines for greater maneuverability.

BCF10

i-lift No.		2340101	2340102
Model		BCF10	BCF15
Work Load Limit WLL	kg(lb.)	1000(2200)	1500(3300)
Adjustable Fork Total Width	mm(in.)	320-1500(12.6-59)	
Fork Length	mm(in.)	1000(39.4)	
Hook Height	mm(in.)	1650-2095(65-82.5)	
Fork Cross	mm(in.)	100x30(4x1.2)	100x35(4x1.4)
Net weight	kg(lb.)	75(165)	115(253)
