

Digital-Intelligent Weighing Pallet Truck

- ▲ Primarily designed for logistics, factories, warehouses and supermarkets. It is highly user-friendly for overseas customers, featuring easy after-sales support, seamless connection between instrument and truck body, and no calibration or setup required.
- ▲ Main advantages: High weighing accuracy with digital signal, durable, suitable for high-frequency operation.
- ▲ Key features: Counting, weighing, zero-setting, tare, unit switching, etc.
- ▲ Optional accessories: Aluminum alloy waterproof instrument, data logging, receipt printer, adhesive label printer, lithium-ion battery.

BF25W-S

i-Lift No.		1212501	1212502	1212503	1212504
Model		BF15W-S	BF20W-S	BF25W-S	BF30W-S
Rated Capacity	kg(lb)	1500(3300)	2000(4400)	2500(5500)	3000(6600)
Lifting Height	mm(in)	195/190(7.7/7.5)			
Fork Length	mm(in)	1150(45.3)			
Overall Fork Width	mm(in)	555/690(21.9/27.2)			
Single Fork Width	mm(in)	165(6.5)			
Lowered Height	mm(in)	85/75(3.3/3)			
Driving Wheel Size	mm(in)	Φ180x50(Φ7.1x2)			
Roller Size	mm(in)	Φ80x70(Φ3.1x2.8)			
Weighing Accuracy	kg(lb)	0.1%			
Wheel Material		Nylon / Polyurethane Wheel			
Printing Method		Paper print / Adhesive label print			
Battery Voltage	Ah/V	6V 4Ah Lead-acid Battery			
Net Weight	kg(lb)	93/96(204.6/211.2)	94/98(206.8/209)	95/99(209/217.8)	99/101(217.8/222.2)
