

Electric High Lift Scissor Truck-Equipped With Infrared Sensing Controller

- ▲ New design with larger piston offer you real 1000kg/1500kg capacity
- ▲ Character: Extremely easy to operate and make this unit very suitable as combined pallet truck and lift table.
- ▲ Automatic descending speed control by a uniquely hydraulic valve, the descending speed always keeps same regardless the truck with or without load. It will prevent cargo damage from fast descending.
- ▲ Ergonomic warm handle offers you simple and comfortable operation.
- ▲ Excellent stability, capable of easily transporting and lifting loads up to 800 mm.

Option: stainless buttons

JE5415C

i-Lift No.		1411401	1411402	1411403	1411404
Model		JE5410C	JE6810C	JE5415C	JE6815C
Type		Semi Electric			
Hydro-cylinder	Pitch number	Double			
Capacity	kg(lb)	1000(2200)		1500(3000)	
Overall Length	mm(in)	1750(68.9)			
Overall Height	mm(in)	1280(50.4)			
Maximum forkheight H	mm(in)	800(31.5)			
Minimum forkheight H	mm(in)	85(3.3)			
Fork length	mm(in)	1150(45.3)			
Outer width of the fork	mm(in)	540(21.2)	680(26.8)	540(21.2)	680(26.8)
Inner width of the fork	mm(in)	220(8.7)	360(14.2)	220(8.7)	360(14.2)
Single fork width	mm(in)	160(6.3)			
Pinion diameter	mm(in)	Φ80x70(3.1x2.8)			
Bull wheel diameter	mm(in)	Φ150x50(6x2)			
Power unit	V/KW	12V/1.2KW			
Battery parameter	V/Ah	12V65Ah			
Net Weight	kg(lb)	142(312.4)	145(319)	143(314.6)	146(321.2)
